Child Dental Plan

Satisfies the ACA pediatric dental requirement for children up to age 19.

Keeping your child’s mouth healthy helps keep their whole body healthy. It can also help prevent costly, more serious dental problems as they grow. And by investing in a separate dental plan, you can be assured your child has access to the most value and protection for their teeth, without having to meet a higher medical deductible first.

More Choice. More Savings.

What dentist your child sees is completely up to you. But you gain additional savings when your child sees a dentist within the DenteMax network. Your annual deductible is only \$50 when you stay within the network. The most you pay out-of-pocket throughout the year on this plan is \$700, or \$1,400 for two children or more.

The DenteMax Network

The DenteMax Network is one of the largest networks in the country and provides access to more than 87,000 locations nationwide. DenteMax has rigorous credentialing criteria for their providers, so when you choose a DenteMax dentist, you're assured one of the highest-quality PPO networks available.
